Washington State Department of Ecology
U.S. Environmental Protection Agency
and U.S. Department of Energy
are conducting a

**Public Comment Period on the 200 West Area Carbon
Tetrachloride Plume Expedited Response Action**

The 30-day public comment period begins November 6 and ends December 6 for the Expedited Response Action Proposal EE/EA and EA for the 200 West Area Carbon Tetrachloride Plume (DOE-RL 91-32 Draft B). Under the Tri-Party Agreement and the Community Relations Plan, interested citizens have the opportunity to review and comment on the material pertaining to the cleanup of Hanford.

**Copies of the Expedited Response Action Proposal
are available at:**

Department of Energy Reading Room
Federal Building
825 Jadwin Avenue
Richland

Department of Energy Richland-Richland Operations Office
Administrative Record Center
345 Hills Street
Richland, Washington 99352

Though it may not be what you are looking for, I wish to state that in the '60's in the 325 Building, 300 Area, secretaries were cleaning their typewriter keys with "carbon tet" which was supplied by the Company. U.S. Now they tell us how very dangerous it was.
